

JOIN THE EASTERN AFRICAN
PAVILION AT INTERSOLAR AFRICA

EAST AFRICA'S MOST INFLUENTIAL EXHIBITION AND CONFERENCE FOR THE SOLAR INDUSTRY

YOUR GATEWAY TO AFRICA'S SOLAR MARKET

For East African companies, Intersolar Africa is the place to be – where a globally recognized brand meets unmatched international reach and powerful industry networks. As solar PV continues its rapid global expansion – now the fastest-growing source of new power generation worldwide – markets across Europe, Asia, and the Americas are driving innovation, scaling investments, and accelerating cost reductions that are reshaping the entire energy landscape.

At the same time, East Africa is emerging as one of the most dynamic and opportunity-rich regions for solar and energy storage, fueled by rising energy demand, strong growth in the commercial & industrial sector, and increasing interest in decentralized and hybrid energy solutions. Intersolar Africa connects you directly to this momentum: bringing together manufacturers, project developers, investors, policymakers, and technology leaders from over 60 countries – all in one place, in the heart of Nairobi.
