

JOIN THE E-MOBILITY PAVILION  
AT INTERSOLAR AFRICA

## EAST AFRICA'S MOST INFLUENTIAL EXHIBITION AND CONFERENCE FOR THE SOLAR INDUSTRY

### YOUR GATEWAY TO AFRICA'S E-MOBILITY MARKET

Africa's e-mobility sector is accelerating rapidly, driven by the synergy with abundant solar energy. As the transition to electric vehicles gains momentum, solar-powered charging infrastructure is becoming the backbone of sustainable transport. Nairobi has firmly established itself as East Africa's strategic hub for clean energy and e-mobility innovation.

Intersolar Africa is the region's premier B2B exhibition bridging the gap between renewable energy and electric transportation. It brings together EV manufacturers, charging infrastructure developers, solar investors, and policymakers. The 2027 edition at the modern Sarit Expo Centre in Nairobi will host around 100 exhibitors, 3,000+ visitors, and 250+ conference attendees from more than 60 countries.

#### Quick facts

Dates	March 16–17, 2027
Hours	10:00am–5:00pm
Venue	Sarit Expo Centre, Nairobi, Kenya
Focus	Electric Vehicles, Charging Infrastructure, PV Integration

**3,000+** VISITORS

**100+** EXHIBITORS

**60+** NATIONS

#### Why Nairobi?

Kenya leads East Africa's transport electrification with ambitious e-mobility targets, a rapidly growing two- and three-wheeler EV market, and a supportive policy environment. With the increasing integration of solar power for EV charging, Nairobi is the ideal springboard for your e-mobility market entry into the continent.

- Rapidly expanding EV market, especially in two- and three-wheelers
- Strong synergies between solar PV growth and EV charging infrastructure
- Falling battery costs and favorable government incentives driving adoption

„The event (+communication) offered strong networking potential, high-quality view of the market's direction... because the key platform was clear, well-structured and helped us position ourselves as part of that renewable energy community.“

Zimmermann PV-Steel Group GmbH & Co. KG

#### Exhibitor Profile

EV Manufacturers, Charging Infrastructure Providers, Battery & Storage Solutions, Solar Carport Developers, Suppliers, Distributors, Service Providers, System Integrators, Research Institutes, Investors

#### Delegate Profile

Fleet Operators, E-Mobility Startups, Installers and System Integrators, Project Developers, Urban Planners, Manufacturers and Suppliers, Investors and Analysts, Utilities, Government Officials / Policy Makers

## REASONS TO JOIN THE E-MOBILITY PAVILION

The Intersolar Africa E-Mobility Pavilion is designed exclusively for companies showcasing the future of clean transportation in Nairobi. Whether you are testing the East African market or seeking a powerful springboard into the continent's fastest-growing e-mobility and solar charging ecosystem, the E-Mobility Pavilion offers an all-inclusive, attractively priced entry point – with full organisational support before, during, and after the event.

### Eligibility Requirements

- Focus on electric vehicles, charging solutions, or solar-mobility integration
- Seeking to test or expand in the East African e-mobility market
- Innovative product, service, or solution in clean transportation
- First come first served – limited to 12 exhibitors

### Included Services

- **9 sqm booth:** Walls, 1 table, 2 chairs, electricity supply, company name on fascia board
- **Marketing and press coverage:** Social media posts, press releases, website, newsletters
- Highly visible branded Joint Pavillion

### Your Target Audience Is Here

More than 3,000 qualified visitors attend Intersolar Africa. Your booth places you directly in front of the decision-makers who matter most.

### All-Inclusive and Hassle-Free

The E-Mobility Pavilion package covers everything: booth construction, furniture, electricity, online presence, press announcements, and social media promotion. Focus on your business – we take care of the rest.

### Limited Spots – Act Now

Participation in the E-Mobility Pavilion is strictly limited to ensure maximum visibility for each participant. Secure your place early. Applications are processed on a first-come, first-served basis.

### Register Your Interest – Complete and Return
